Membership dues of $1145 have been designated for certain projects.

Geneva Ave gravel pile needs replenishing soon.

Neighborhood watch sign will need repair or replacement at the entrance.

Kelly Vice said he has equipment to grade roads and he is interested in doing the job. Tom will meet with him on Wednesday to chat about the cost and it may change the dollar amount donations we ask for when Tom sends out letter to gravel road mailing list.

We have asked the county about stop signs for the gravel cross roads and about gravel for potholes at the jetty parking lot area.

Rick Rausch is looking into what need needs to be done to get the speed limit changed.

There was a domestic violence dispute at a vacation rental over the weekend.

Kim will look into getting the speed trailer in the neighborhood again when school gets out for the summer.

Cheryl has been invited to the fire district board meeting on the 14th. She is going to ask for help with putting a letter together to the county about our roads. She'll ask if the fire district can help with trimming trees, install sign posts for the beach accesses, help with the evacuation stairs. Laws say the fire department can use eminent domain for evacuation routes. Evacuation also a city issue, as the evacuation routes connect city property to the state highway.

Tom and Kim will work on signs for the porto potty and pond area "this porto potty brought to you by… lawn maintenance brought to you by…"

Next meeting scheduled for April 24thth, 9:00 AM.
